

IMAGINE DIFFERENT

2014 BEST Early Research Symposium

25 April 2014 | Andrews University, Berrien Springs, MI

A-107 Chemistry Lecture Hall, Halenz Hall

Berrien RESA Grade 12 Math Science Students

Using modern instrumentation

Presenting real cutting-edge research

Demonstrating college-level lab techniques

RESEARCH TOPICS

Biomass Conversion

Dyes

Forensics

Fragrances

Hybrid Drugs

Optical Brighteners

Photographic Stabilizers

Polymers

Sensors (for Chemical Warfare Agents, Cyanide)

Sunscreens

Benton Spirit
Community Newspaper

Informing, Enhancing, Showcasing, Promoting and Educating Southwest Michigan/Northern Indiana

BERRIEN RESA

Today's Purpose - Tomorrow's Promise.

Andrews  University

Department of Chemistry & Biochemistry

Berrien County
Mathematics &
Science Center

BUILDING EXCELLENCE IN SCIENCE & TECHNOLOGY

EARLY RESEARCH PROGRAM
